Introduction

Geckoway is a meme-coin project inspired by Balinese Mythology where geckos are revered as messengers of blessings and symbols of prosperity. These adorable little creatures, with their ninja-like agility are the sacred hotline between the divine and us mortals. They're the spiritual middlemen, connecting Mother Nature, the cosmos, and abundant prosperity. Gecko Token (\$GECKO) is an open-source peer-to-peer digital meme currency designed to put a smile on your face.

The Way of the Gecko is also a community of friends, living an abundant and prosperous life in harmony with nature and spirituality and memes.

Technology Stack

Geckoway operates on Base, a secure, low-cost Ethereum Layer 2 network, ensuring transparency, security, affordability and decentralization.

Tokenomics

Our liquidity pool is as sacred as the geckos themselves. 100% of \$GECKO tokens in the liquidity pool are locked forever. Locked liquidity means no rug pulls – just a fair launch and level playing field for all. That's the gecko way.

Total Supply

500,000,000

Launch

We believe in a fair launch – no pre-sale or team allocations. All tokens are minted and placed in the liquidity pool upon launch.

Liquidity

100% of the tokens in the liquidity pool are backed by real GECKO tokens. Liquidity is added and locked, ensuring a fair and secure trading environment.

Utility

While many cryptocurrencies are valued primarily for their potential to appreciate, GECKO embodies a more holistic and community-driven concept. Geckoway introduces the "Store of Prosperity". Holding GECKO tokens is about living the Geckoway ethos: humor, prosperity, unity, diversity, respect for nature and empowerment. It's a badge of honor that represents a deeper and more meaningful connection between cryptocurrency and community values.

Security

Security is our top priority. GECKO's smart contracts have undergone multiple audits by reputable third-party firms to ensure they're robust and secure. Our development team follows best practices for contract development and maintenance.

Roadmap

Our journey is just beginning. The roadmap outlines our plans for the future, including ecosystem expansion, partnerships, and community-driven initiatives. We're committed to continuous improvement and growth.

Conclusion

Geckoway and the Gecko token (\$GECKO) is more than just a meme; it's a movement. The Way of the Gecko is about the embodiment of unity, diversity and prosperity. Through blockchain technology, the Gecko token (\$GECKO) empowers individuals and communities, providing a space for building shared values and making a better world. That is the gecko way.
